1. Mielőtt kinyítja a csomagolást, mossa meg alaposan kezeit melegvízzel és szappannal, vagy fertőtlenítő géllel fertőtlenítsen!
2. Nyissa ki a maszkpaneleket úgy, hogy az orrszalag felfelé nézzen és belsejét fordítsa maga felé. Tegye át az ujjait a rugalmas szalagok alatt. A felső orrpánt segítségével helyezze a maszkot az orrára és a szájára.
3. Helyezze az álla alá a maszk alját, az orrnyergére pedig a maszk tetejét. Húzza a rugalmas szalagokat a fülére.
4. Helyezze mindkét keze ujjbegyeit a fém orrlap tetejére. Az ujjaival formázza meg a fém orrdarabot, hogy illeszkedjen az orra formájához, mindkét oldalra figyelve.
5. A maszk megfelelő szűrését a munkaterületen való viselés előtt ellenőrizni kell. Helyezze mindkét kezét a maszkra, és lélegezzen erőteljesen. Nyomást kell éreznie a maszk belsejében. Ha a levegő átszivárog az éleken, akkor csak állítson a maszk helyzetén, és szükség esetén húzza meg a szalagokat. Tesztelje újra a záróképességét, mint korábban, hogy biztosítsa a maximális védelmet.
6. A maszk maximum 8 órán keresztül viselhető.
